

BOSTONBALLET SCHOOL

"The wonderful teachers and students at Boston Ballet's SDP helped me grow and take a leap toward my career as a dancer."

—Brittany Stone, SDP Alum,
BBS Trainee and Member of BBII

SUMMER DANCE PROGRAM 2011

Unparalleled professional training for the serious ballet student

Boston Ballet School's Summer Dance Program (SDP) students travel from across the country and around the world to train with internationally-renowned faculty and to broaden their dance experience with Boston Ballet. They are instructed in classical ballet through a comprehensive curriculum designed to develop versatile and well-rounded dancers.

Program includes:

- Enrichments in modern, character, and Pilates
- Studio presentations and workshop performances
- State-of-the-art dance facilities with on-site physical therapy

Experience the culturally-rich City of Boston

Students reside in some of Boston's best neighborhoods. Boston's small-town feel is unique among America's major cities, and Newton was recently ranked America's 4th safest city. Boston students dance at Boston Ballet's headquarters in the historic South End and live near the bustling Fenway area, while Newton students live and dance in Boston's beautiful outskirts.

There are many opportunities to explore Boston and its surrounding areas. Past weekend activities have included:

- Red Sox Games
- Harbor Cruises
- Performances at Jacob's Pillow in the Berkshires
- Excursions to Cape Cod

Engaging residential life

Both Boston and Newton locations offer a residential program including room, board, daily transportation, and excursions in and around the Boston area.

With international dancers making up nearly 20% of our student body, SDP students meet, live and work with a diverse group, both in and out of the studio.

Program Details
